Customer journey map for OptiCrop

Farmer Journey — Awareness to Decision

01 Awareness Exploring & Learning

ACTIONS
Sees ads/social posts about smart farming. Searches online for crop advisory tools. Visits the OptiCrop site to learn more.

TOUCHPOINTS
Social media, online ads, website/blog

THOUGHTS
Is this a trustworthy tool? Will it actually help my land?

FEELINGS
Curious, cautious

02 Consideration Evaluating Options

ACTIONS
Compares crop recommendation tools. Checks what inputs are required. Reviews how the prediction works.

TOUCHPOINTS
Website/app, FAQ/help section

THOUGHTS
Which readings do I need? What do the fields mean?

FEELINGS
Thoughtful, seeking clarity

03 Decision Applying & Completing

ACTIONS
Enters soil and climate readings. Submits the form. Views the recommended crop.

TOUCHPOINTS
Input form, result page

THOUGHTS
Will this crop really grow well here?

FEELINGS
Hopeful, slightly anxious

Ownership & Opportunities

STAGE	OWNERSHIP	OPPORTUNITIES
01 Awareness	Outreach/marketing	Increase awareness, improve onboarding copy
02 Consideration	Product team	Offer clearer input guidance and units
03 Decision	Model/data team	Simplify the flow, reduce input errors
